- These transit times (in business days) are based on our regular service. They are indicative but not guaranteed.
- The delivery time does not include the time needed for customs clearance (for shipments to the UK, Norway, Switzerland and a number of special territories within the EU, e.g. Liechtenstein, Livigno and Vatican City).
- Wadden islands Vlieland and Terschelling have a transit time of two working days.
- For shipments to remote areas and islands the transit time can be longer. Please check our [Remote Area list](#).
- When, due to (un)foreseen circumstances, the ferry is taken instead of the Eurotunnel route for shipments to Ireland, the transit time can be longer.
- In order to achieve the delivery time, it is necessary to separate international shipments from Benelux shipments for pickup.
